What is a target market determination?

A Target Market Determination (TMD) is a determination that we have made that sets out:

- the class of customers that comprise our target market for this Product, taking into consideration their likely objectives, financial situation and needs;
- any conditions and restrictions placed on retail product distribution conduct in relation to the Product;
- the events and circumstances that would reasonably suggest that the TMD is no longer appropriate;
- the review periods for the TMD; and
- the reporting obligations for the TMD.

This TMD does not provide any financial product advice on the Product and does not take into consideration the objectives, financial situation and needs of individual customers.

The terms and conditions of the Product are set out in the Product Disclosure Statement (PDS) which includes the policy wording. This TMD does not form part of the insurance contract and is not a summary of the Product's terms and conditions. Customers should review the PDS before making any decision on whether to purchase this Product.

QUS will make this TMD available to any person, upon request, free of charge.

Terms used in this TMD, which are defined in the Corporations Act, have the same meaning as under that legislation.

Application of this TMD

This TMD applies to customers who acquire the Product as retail clients only, namely when:

- the customer is an individual or a small business (a business which employs less than 100 people, if a manufacturing business, or otherwise 20 people).

This section of the TMD describes the class of retail client customers who comprise the target market for QUS Strata Select Insurance (Product).

It does not apply to other customers (wholesale clients) who may purchase the Product.

1. Target market

This section of the TMD describes the class of retail client customers who comprise the target market for the Product, taking into account their likely needs, objectives and financial situation.

Outlined below is a description of the Product, key eligibility criteria and key Product attributes that affect whether this Product is likely to meet the needs, objectives and financial situation of the target market.

The Target Market is retail client customers:

- who meet key eligibility criteria of the Product; and
- where the key Product attributes meet their likely needs, objectives and financial situation.

Financial Situation

This Product is likely to meet the financial situation of retail client customers who:

- require insurance coverage in line with the sums insured and policy limits available under the Product.
- Have the ability to pay premiums in accordance with the policy structure, chosen benefits, excess, fees and charges considering their financial circumstances and any vulnerabilities they may experience.

Consistency between the Product and target market

This Product is likely to be consistent with the objectives, financial situation and needs of retail client customers in the target market, because the Product provides cover to that class of customers who meet key eligibility criteria, and they require cover for the types of loss or damage that those customers in the target market are seeking to insure against.

2. Distribution conditions

This section of the TMD describes the conditions and restrictions on retail product distribution conduct that apply to customers who are retail clients. It does not apply to other customers (wholesale clients) who may purchase the Product.

The Product is distributed solely by QUS Pty Ltd ABN 92 122 665 310 AFSL 321877 on behalf of Certain Underwriters at Lloyd's, via a network of licensed insurance brokers.

The distribution conditions that apply to the sale of this Product do not apply to the extent that the insurance broker is arranging for a customer to acquire the Product for the purpose of implementing personal advice given to the customer.

QUS will only issue the Product to retail client customers that meet the eligibility criteria, which aligns with the target market set out in section 1 above. It ensures that is the case by applying a consistent application process in relation to the Product, which supports the sale of the Product and any additional extensions to customers in the target market. Insurance brokers distributing the Product are required to submit customer applications using that process.

QUS also ensures that all brokerages it deals with in relation to the Product, have a general understanding of:

- strata insurance and the likely objectives, situation and needs of the class of customers that fall within the target market.
- have been provided details of the relevant acceptance criteria for the Product.

3. Review period and triggers

We will review this TMD during the following periods to ensure that it remains appropriate:

First review period	Within one year from its commencement date
Ongoing review periods	At least every two years after the first review
